FOR PUPILS**

Thursday, 22nd July 2021
STAFF INSET DAY

A Message from Sandy

Welcome to the start of the 2020/2021 academic year.

New beginnings and fresh starts.

For most it will mean a new class and different teacher. For some it will be a new school. For all it will present opportunities, challenges, sometimes struggles and hopefully pride through achievements, however big or small.

This year is especially exciting as The Link Schools return to our roots and will once again align and work together to provide outstanding provision for each young person. Our children drive the curriculum; teaching and learning; continuing professional development and resources that are need to ensure success.

Our emphasis is on whole person learning. We see difficulties and barriers as opportunities. We focus on developing quality relationships that will help us build resilience. With both schools working together, we aim to use the most effective strategies and to discover new ones by learning from and inspiring one another.

I am extremely proud to be leading both schools and together we link hands to ensure every young person is understood so that they will achieve their full potential.

Overcoming barriers today so that children and parents can look forward to a bright future tomorrow.

There will be opportunities for you to get involved with The Link community this year - be it joining the Parents' Future Group, attending one of the workshops (currently being held remotely via Zoom), helping The Link Association to fundraise, but most importantly playing a major part in your child's learning journey.

Sandy
