

How this scheme of work links to school vision and values (wellbeing, independence, communication, achievement):

This scheme of work links to communication and independence. Students will be researching future careers they might like to do in the future. They will be developing their independent working skills by researching and creating a piece of work about a career. By using a range of methods to meet the learning objectives (e.g. Clicker, posters and writing) students will also develop their communication skills. This MTP reference to Link Priorities: **Communication – Functional- able to independently communicate important information to get their needs met and get help.** **10. Transfer and generalise skills – able to apply knowledge and skills they learn at school to different activities and environments.**
